A "May Report" Still Needed

IN THIS CASE of a very wide picture where a life is being glimpsed by a group of specialists, it is not considered who shall be supplied with a running report of their deliberations. But no reform may reasonably expect any measure that the specialists are studying has been set out, and the picture is still in the making.

A month or two ago under the auspices of the Dominion Finance Council, the presence of representatives of our provinces and Ottawa to discuss what Finance Minister Dunning the primary interests of their particular sections of the country.

No detailed report of what transpired has, at the time of writing, been made public. The fact is that nothing was done to devise a remedy for the patients' troubles.

Several of the specialists spent all their time discussing political stunts.

Since the members the provinces of Manitoba and Saskatchewan, with the blessing of the Dominion Government, have been the recipients of the funds at the refunding of their own terms that will leave the most burden of those who are provinces.

But the basic problem—that of the relationship of the provinces to the Dominion in matters of debt and credit control and the situation of the provinces and states—remains unsolved.

So far as Mr. Dunning is concerned, he is not a specialist in the field of finance. He is a specialist in the field of finance. He is a specialist in the field of finance. He is a specialist in the field of finance.

It is not a specialist in the field of finance. He is a specialist in the field of finance. He is a specialist in the field of finance. He is a specialist in the field of finance.

It is not a specialist in the field of finance. He is a specialist in the field of finance. He is a specialist in the field of finance. He is a specialist in the field of finance.

It is not a specialist in the field of finance. He is a specialist in the field of finance. He is a specialist in the field of finance. He is a specialist in the field of finance.

It is not a specialist in the field of finance. He is a specialist in the field of finance. He is a specialist in the field of finance. He is a specialist in the field of finance.

It is not a specialist in the field of finance. He is a specialist in the field of finance. He is a specialist in the field of finance. He is a specialist in the field of finance.

It is not a specialist in the field of finance. He is a specialist in the field of finance. He is a specialist in the field of finance. He is a specialist in the field of finance.

the B. N. A. Act, which is the Great Canadian for the Province, is not placed upon the Dominion the means of carrying out the general borrowing without any use whatsoever as to how the money must be spent or repaid.

THESE SPECIALISTS of Manitoba wanted the specialists to discuss the situation on the B. N. A. Act. One that would require the relationship between the Dominion, provincial and municipal governments to fit circumstances as they arise.

It is suggested that a Royal Commission be appointed to investigate the whole situation the way of the Dominion and make recommendations as to revision of the Act.

If that wasn't possible, he suggested a Commission to investigate the position of the provinces since.

Apparently Saskatchewan and Alberta were in agreement with Manitoba.

But the Commission having said that, it is not a specialist in the field of finance. He is a specialist in the field of finance. He is a specialist in the field of finance. He is a specialist in the field of finance.

It is not a specialist in the field of finance. He is a specialist in the field of finance. He is a specialist in the field of finance. He is a specialist in the field of finance.

It is not a specialist in the field of finance. He is a specialist in the field of finance. He is a specialist in the field of finance. He is a specialist in the field of finance.

It is not a specialist in the field of finance. He is a specialist in the field of finance. He is a specialist in the field of finance. He is a specialist in the field of finance.

It is not a specialist in the field of finance. He is a specialist in the field of finance. He is a specialist in the field of finance. He is a specialist in the field of finance.

It is not a specialist in the field of finance. He is a specialist in the field of finance. He is a specialist in the field of finance. He is a specialist in the field of finance.

It is not a specialist in the field of finance. He is a specialist in the field of finance. He is a specialist in the field of finance. He is a specialist in the field of finance.

It is not a specialist in the field of finance. He is a specialist in the field of finance. He is a specialist in the field of finance. He is a specialist in the field of finance.

It is not a specialist in the field of finance. He is a specialist in the field of finance. He is a specialist in the field of finance. He is a specialist in the field of finance.

upon the advice, and held the confidence of the men people and of the world as large.

Developments during the past year have proved to the full the truth of every statement Mr. Dunning has made concerning Canada's impending financial crisis.

In spite of repeated calls, of an improved about action, of better about money, in spite of constant use of money from the highest experts in Canada, the Dominion is still faced with heavy deficits. The Western provinces are still faced with deficit and want.

Yes, in the face of all this, it is a situation, the only thing that emerges from a meeting of the province is that a remedy is a necessity of the sovereign right of a province to get into a corner of debt!

THESE money's temptations are paying for so many times commission loaning money. It is not a specialist in the field of finance. He is a specialist in the field of finance. He is a specialist in the field of finance. He is a specialist in the field of finance.

It is not a specialist in the field of finance. He is a specialist in the field of finance. He is a specialist in the field of finance. He is a specialist in the field of finance.

It is not a specialist in the field of finance. He is a specialist in the field of finance. He is a specialist in the field of finance. He is a specialist in the field of finance.

BREAD IS YOUR BEST AND

YOU CAN WALK A MILE ON A SLICE OF BREAD

One slice of your baker's good wheat bread—containing a fraction of a cent—usually supplies a 150-lb. man with enough energy to walk one mile.

No other food supplies this amount of energy at such low cost. And bread is the *best* energy food you can eat—regardless of cost. *Eat at least 6 slices every day!*

GIVE YOUR CHILDREN PLENTY OF GOOD BREAD . . . Bread is one of the most most important foods in a child's diet. It is a combination of muscle-building proteins of a very high value, and energy-giving carbohydrates. And bread is *usually* 100% dependable. Make sure that your child gets a liberal amount of bread!

CHEAPEST ENERGY FOOD!

*The average person doing average work
should eat at least 6 SLICES OF BREAD EVERY DAY
to build and sustain vitality...*

AMAZING FACTS ABOUT BREAD have been discovered in the past few years—facts that disprove every popular belief.

Bread is not just a "filler" in your diet as some people think—a cheap means of satisfying hunger. It is the *best* source of your greatest food need—energy.

85% of the food we eat is used for energy. And diet authorities say that at least one-fourth of this should come from bread—6 slices, or more, every day for the average person doing average work.

Bread makes you up-to-the-minute energetic! Bread supplies sustained energy—energy to keep going for hours after hours of work or play. Eat

bread with every meal, and you'll have no fatigue—not looking so tired morning or afternoon.

You'll throw off nervous at the end of the day . . . be ready for a happy, mental evening.

Builds muscle

And bread gives your body more than energy. It is one of the best sources of muscle-building proteins. Actually, we get more protein from bread and other wheat products than from any other class of food!

Aids digestion

There is no waste in bread. It is nearly 100% digestible—quickly turned into energy and muscle tissue. And bread actually aids the digestion of other foods. Because, within a few years, about 40% of the population is suffering from indigestion and is unable to make good use of the food they eat.

Helps build rich, red blood

Sometimes people get run-down, pale . . . anemic, poor with plenty of iron in the diet. The body can't absorb it clearly and use enough of the iron that is there. When someone feels like bread helps you absorb more of the iron in other foods. And bread's vitamins in bread itself, and this iron in 100% wheaten for building good blood.

Bread gives you your money's worth!

Bread is much more of an all-around food than most people realize. It gives you more energy value for your money than any other food you can buy!

So, for the sake of economy—*for family health* . . . and because bread makes us good—*make bread a part of every meal!*

BUT BREAD MAKES YOUR BAKERS. With his bread still and always ready, to make the home bread that makes producing comfortable, satisfying and delicious in these

BREAD

is essential for safe reducing!

It is now a proved fact that bread is not fattening. It is not just a "crumb" food. Bread is a valuable combination of carbohydrates that give you energy, and an equally effective form of protein that helps you up to the top. To make sure, see the scientific facts, figures and how you can control your weight with bread. Then you will keep up your energy, and not be weak, tired, irritable.

SERVING CANADA SINCE 1872

Such Flavour!

— and here's the RECIPE

OVEN COOKED FILLETS OF FISH

(Cod, haddock, halibut, whitefish, sole, etc., may be used.)

The fish may be cut into pieces of a suitable size for serving or the fillets may be left whole. Dip each piece into salted milk (one-half tablespoonful of salt to one-half cupful of whole milk or diluted evaporated milk), toss into a pan of sifted dry bread crumbs, coat thoroughly and place in a well oiled baking pan. Sprinkle with oil and place in a very hot oven—500 deg. Fahr. Bake until the fish is tender and the crumbs nicely browned (about 10 minutes). Serve with Tomato, Hollandaise, Caper or Tartar Sauce.

BOILED SALMON STEAKS

Have the salmon steaks cut at least 1 inch thick. Sprinkle with salt and coat with cooking oil or melted butter. Have the broiler very hot and oil it to prevent the fish from sticking. Cook under high heat, turning until nicely browned and tender (about 15 to 20 minutes depending on the thickness). Serve with Maitre d'Hotel Butter or with lemon sections.

SERVE FISH OFTEN

Easy to Digest . . . Fish is a Healthful and Finely Flavored Food . . . Capable of Limitless Variety in Serving

THERE is not a woman in Canada today who has not occasionally found herself at the end of her tether . . . wondering what on earth to serve for the next meal. Yet if she thought more often of Fish, her problems would be over.

Fish extends your resources a hundred-fold. Fish equals other varieties of food in nourishment . . . indeed, has additional elements for good health and balance . . . and yet is more easily digested . . . more varied in flavor . . . more adapted to countless delicious and economical recipes.

Get your fish from sea or lake . . . get it in shell form . . . whichever way you prefer it, you and your family will benefit from its

richness in proteins . . . its valuable iodine content . . . its vitamin and mineral salts . . . and its blood-enriching ability.

And health is merely one advantage of Fish. There is the delight of firm, delicate meat . . . the melting, inimitable flavor that varies with every kind of Fish you buy . . . the perfect condition in which you can get every form of Fish . . . whether fresh, frozen, canned, pickled, smoked or dried.

Thousands of people in other countries prefer and enjoy Canadian Fish . . . for over 80% of Canada's Fish Tonnage is exported. Serve Canadian Fish more often in your home. Remember, "Any Day is Fish Day" . . . with this healthful, easily digested and flavorful food.
